Instant Ship

The Egan Instant Ship list is a collection of Egan's most popular products and sizes that can be shipped within 2 business days of receiving an order*.

PRESENTATION BOARDS

The Aluminum Frame Markerboard is a classic. Our proprietary dry-erase surface, EVS, is a commercial grade surface that can withstand the toughest environments and is guaranteed-to-clean. With a magnetic backer infill, the Aluminum Frame markerboard is magnet compatible with a clear anodized aluminum frame, precision squared mitered corners and will never warp.

Dimension Stele is an elevated design on the traditional markerboard. Fully wrapped in EVS, Dimension Stele is a 1" frameless board that beautifully blends into your environment; designed specifically for free flow thinking, with clean lines to keep the mind clear and free from distraction.

GlassWriteMAG is a backpainted white, frameless glass board. Egan uses high quality, tempered safety glass that has no tint and will not distort the color of your board. Cleat mounted and magnet compatible.

V-Series Mobile features EVS dry-erase surface on both sides that accepts magnetic accessories. The V-Series frame is defined by robust, clear anodized aluminum.

	V-Series Mobile	Dimension Stele	GlassWrite MAG	Aluminum Frame Markerboard

Egan Versa Presentation Surface (EVS™) is an Egan exclusive patented-technology presentation surface introduced in 2002. It is a unique invention that distinguishes Egan products from the rest in the presentation furniture industry. EVS has inspired the creation of various whiteboard and projection screen product offerings. It is the unique tool for generating, capturing and presenting ideas. This technology surface enhances communication by supporting whiteboard brainstorming as well as data projection of popular presentation formats.

The matte-white finish reduces glare from ambient light in office environments. Glare can cause a reduction in character-to-background contrast, reducing the legibility of screen characters, which at the extreme can cause the contents of the whiteboard to become unrecognizable. Because this only affects viewing at eye level and from only parts of the room, many whiteboard users are not even aware of this major shortcoming! To overcome glare, whiteboard readers will often squint or move about to minimize the effect. EVS solves that problem.

EVS provides a matte-white surface with an incredibly low-gloss factor that is guaranteed-to-clean. The unique surface provides a comfortable 160° viewing angle of your projected image. That means you get a crisp, clear view from almost any angle in the room, without dimming the lights.

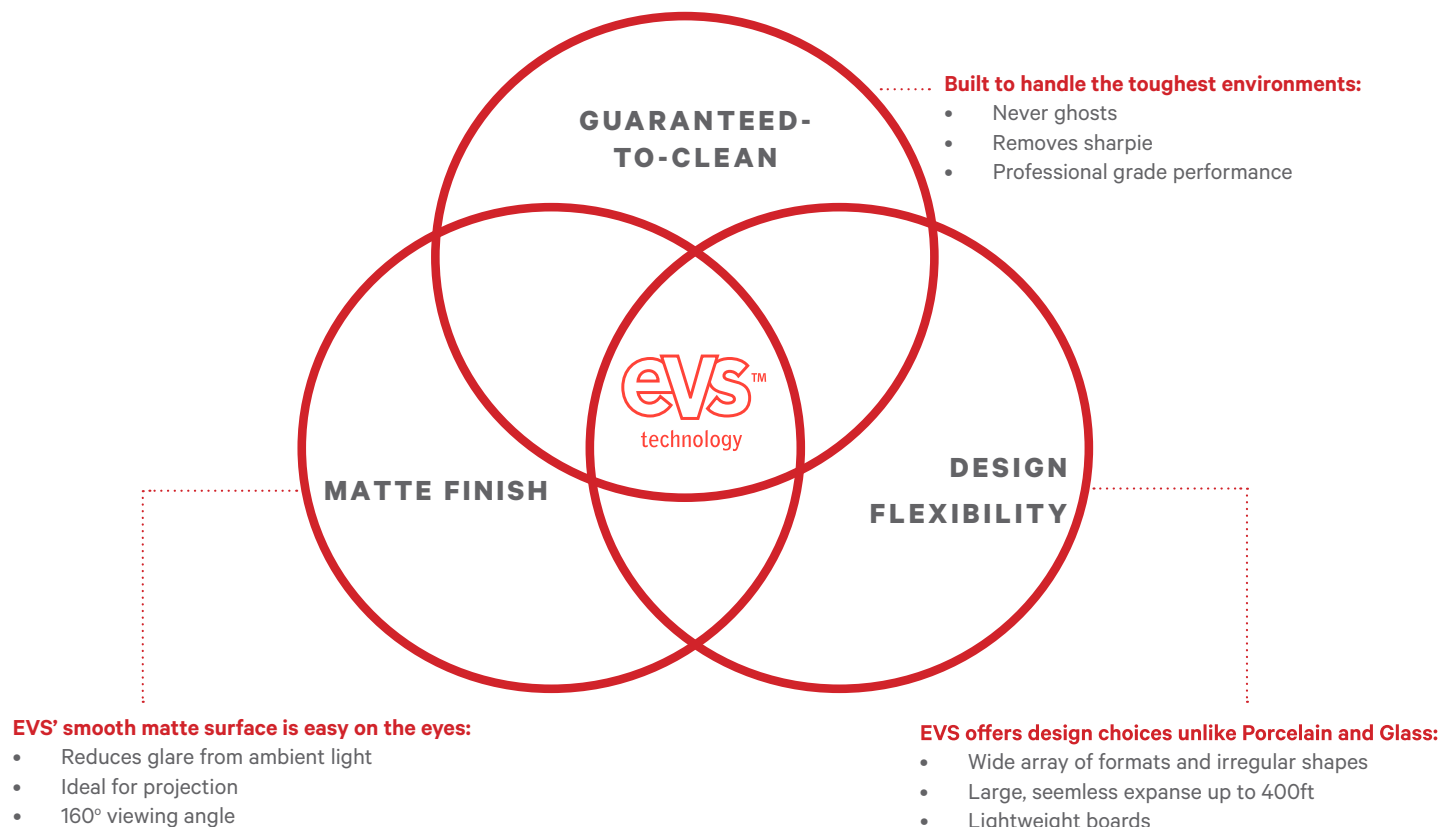

When mounted on steel, EVS accepts magnetic accessories.

Versatility is also found in EVS' configurability. EVS is available in a variety of large and small format applications, can be applied on almost any even surface, and can be specified in a variety of sizes and shapes. Apply EganINK™ graphics, and let the sky be your limit! EVS is guaranteed-to-clean for 10 years.

White Porcelain Porcelain Dry-Erase Vinyl EVS

Above images illustrate the difference in surface glare on leading whiteboards

Dimension

EGAN

■ Dimension Stele

Designed specifically for free flow thinking, its clean aesthetic keeps the mind clear and free from distraction. With a 1" or 1/2" profile depth, Dimension Stele is impactful and complementary to any design or environment.

■ Dimension LINXX

Create a large, presentation board by linking Dimension boards. With a flexible design, install individual boards in an off set configuration for unique appearances.

■ Dimension Plus

All the benefits of Dimension Stele with a bold, prominent profile, in 2" or 3" depths.

■ Dimension Integral

Dimension Stele with the added functionality of a marker tray that seamlessly integrates into the board. Dimension Integral features a 3/4" groove to hold whiteboard markers in a fashion that is true to the minimalist design principles of the Dimension line.

■ Dimension Stratus

The knife-edge design gives Dimension Stratus a clean, modern and minimalist look that will instantly elevate your space. All edges of the board are chamfered back towards the wall at a 15-degree angle resulting in the board's floating appearance.

■ Dimension Tack

Dimension Tack is a frameless, squared edge profile that matches the design esthetic of Dimension Stele. Choose from over 200 fabric options from Guilford of Maine and Maharam or chose Egan EcoTack/Polyethylene Terephthalate (PET), a unique tackable infill that is environmentally friendly, sound-absorptive and fire retardant.

- 42% recycled content and 100% recyclable polyester
- Noise Reduction Coefficient (NRC) of 0.80
- Fire Retardant under ASTM E 84

Dimension LINXX & Flush Finish Options

Create a massive professional presentation surface with a monolithic, vanishing edge appearance with outstanding functionality; guaranteed-to-clean, projection-capable, and both standard and Egan NeoMagnet-compatible.

Dimension LINXX uses new Dimension Stele and Stratus (chamfered edge on outer edges only) cleat-mounted boards. To create Presentation Surfaces of varying heights and length combinations for a unique visual appearance.

Dimension LINXX

Select any combination of DM, DM13, or DMS boards to create your infinite length run. When combining Stratus, only outside boards will be Stratus. When selecting LINXX option, specify outside left (OL), inside board (IB) or outside right (OR). Specifying LINXX" Outside left (OL), inside board (IB) or outside right (OR) for \$90 CA list upcharge per segment.

When selecting the Flush Finish option:

The Dimension Stele optional Flush Finish is also available for boards specified for Dimension Stele LINXX. To specify this, order the outside left board with a Flush Finish Left (FFL) option, and the outside right board with a Flush Finish Right (FFR) option.

OFFSET Installation

The new Dimension LINXX design gives you the ability to install the individual boards vertically offset for unique appearance! Note: if specifying Flush Finish and also choosing to offset the installation, it should be noted that the offset board edges that are exposed (at either end of the common edge seam) are finished edges, with a 3/8" off the wall hover appearance.

HOW TO ORDER

Flush Finish Option

FFL/FFR list \$150 per side

For a flush installation of your outside left board, please specify Flush Finish Left (FFL) in your product code.

For a flush installation of your outside right board, please specify Flush Finish Right (FFR) in your product code.

Never specify Flush Finish

Architrave

■ Architrave Markerboard | EVS

Enhance your Egan whiteboard by integrating a natural, organic design that will provide a peaceful, calming space for ideas to flow. Available in 4 oak stains - Light Oak, Medium Oak, Dark Oak and Black Oak, visit Egan.com/oak-stains for more information.

■ Architrave | GlassWrite

Specify Egan GlassWrite into any Architrave frame. Available in over 1,050 colors at no extra cost and neo-magnet compatible. Visit Egan.com/infinite-color-palette to explore all 1,050 colors.

■ Architrave | EganAero

EganAero is an ultra thin, hi-tech glass, measuring only 1/50" (2mm) thin. EganAero reduces the drop shadow you get with typical glass. Available in over 1,050 colors at no upcharge and magnet compatible.

■ Architrave | Tack

Egan offers a wide range of tackable surfaces. Choose from over 200 fabric options from Guilford of Maine and Maharam or chose Egan EcoTack/Polyethylene Terephthalate (PET), a unique tackable infill that is environmentally friendly, sound-absorptive and fire retardant.

- 42% recycled content and 100% recyclable polyester
- Noise Reduction Coefficient (NRC) of 0.80
- Fire Retardant under ASTM E 84

■ Boxcore 19

Egan Boxcore 19 provides robust edges and clean contemporary esthetics. The Boxcore frame is clear anodized aluminum and sits flush against the wall, with the presentation surface 3/4" (19mm) proud from the wall. The frame features a low profile when viewed from the front. Integrated wallmounts mean the board can be mounted in a landscape or portrait orientation, switching between them easily. Available with EVS, Glass and Tack infills.

■ Boxcore 29

Boxcore 29 provides all the benefits of Boxcore 19 but has a bolder design esthetic with a thicker frame (29mm or 1 1/8"), giving the board a deeper profile, sitting more proud off the wall.

■ Standing Rigging

Egan Standing Rigging is an architectural-grade installation platform that brings a modern and unique tension wire installation without requiring complicated and custom-engineered architectural rigging. Install Boxcore 29 in any open space, at any height – all you need is a floor and ceiling as anchor points. The finished installation features the board suspended in midair on a simple tensioned wire rope (1x19 SSAC) assembly – with all the parts in the box from Egan. Specify dual infills - EVS, Tackable Fabric or EcoTack - for Boxcore 29 when used with Standing Rigging.

HOW TO ORDER

Egan Standing Rigging

Egan Presentation Boards are available wall mount, track mount, wallcovering, freestanding, mobile, and more: now you can specify Egan Boxcore 29 in open environments! Egan Standing Rigging is an all-new architectural-grade installation platform that brings a modern and unique tension wire installation. Install Boxcore 29 in any open space, at any height – all you need is a floor and ceiling as anchor points. The finished installation features the board suspended in midair on a simple tensioned wire rope (1x19 SSAC) assembly – with all the parts in the box from Egan.

Presentation Boards

Where To Specify Standing Rigging

Egan Standing Rigging can bring high functionality and modern design esthetic to almost any space. Consider complementing other architectural tension wire assemblies (live walls, rails, etc), creating workspaces in open floorplans, or even to install presentation boards in front of walls which cannot have fixtures (glass walls, demountable walls, partitions, etc).

How To Specify Boards

Egan Standing Rigging is solely available on Boxcore 29. These boards have two additional features: first, they are optionally manufactured in a double-sided configuration; second, they feature mounting holes on the Boxcore frame for the Standing Rigging hardware.

How To Specify The Standing Rigging Kit

Order one kit per board to be installed. A Standing Rigging Kit includes hardware suitable for installing one board (of any standard size) with a floor-to-ceiling distance of up to 12'. For greater heights or long continuous runs of boards - please call Customer Service.

What's In The Box

Ship with Two (2) assorted color Dry-Erase Markers One (1) EganCloth.

The kit consists of track, wire, board mounts (stops and eye bolts) and termination hardware. What is not included: installation hardware (to mount the track), tools, and the tension gauge. Wire tension of 350lbs is recommended to stabilize the installation, and a wire tension gauge is required to measure this. If cutting the wire, the cut must be clean. If the installer does not have a tension gauge or wire cutter (appropriate for SSAC 1x19, such as Felco cutter), these are widely available and also available from Egan.

Installation

1. Install the upper and lower track.
2. Slide the turnbuckle into the upper track, with the wires hanging down. The wires have been fixed to the turnbuckle termination at the factory.
3. Screw the eye bolts into the factory-prepared holes on the Dimension Stele Boxcore frame.
4. Feed the wire through the eyebolts and the stop collars, temporarily fixing the stop collars to hold the board in place.
5. Cut off any excess wire and insert the wire into the quick connect fitting.
6. Insert the fitting into the lower track and tighten the turnbuckle to 350 lbs (gauge required).
7. True the board and tighten the stop clamps.

Egan Wall System

■ VersaPRO® Wallcovering

Egan VersaPRO® high performance EVS™ dry-erase surface is designed for quick and easy installation by qualified installers, and is manufactured from similar materials to VersaJOT. Optional EganSystem Track framing is recommended. Volume pricing is available. All edges are straight cut. No custom shape options are available. VersaPRO can be imprinted with EganINK™ on 48" or 54" heights and 1 foot – 400 feet lengths.

Note: VersaPRO installation surfaces require specific surface conditions be met.

Note: continuous patterns over 9' may have design restrictions. Please contact Customer Service for further details.

■ Track & Trim

Egan offers a wide range of track and trim options to complete and surround installed VersaPro-G Wallcovering. Various Track options are available, providing the opportunity to create an Egan Wall that is tailored to your needs.

■ Markerboard | Tackboards | Shelving | Cabinets

Provide additional functionality to your Egan Wall System with Markerboards, Tackboards, Shelving and Cabinets, all designed to integrate on the Egan track system for a fluid, dynamic and multi-purpose work area.

■ VersaJOT & VersaMAG

VersaJOT and VersaMAG are perfect applications for areas that require small, non permanent labeling and signage. VersaJOT is a peel and stick EVS surface that is available in smaller dimensions for personal usage. VersaMAG is EVS applied to a magnet. It installs magnetically on any metal surface, and is offered in popular sizes or as custom shaped. VersaMAG is ideal for smaller locations where a metal surface can be upgraded for dry-erase use. EganINK™ adds branding and increases functionality.

VersaPRO® Wallcovering

Egan Visual is not responsible for installation.

Customers Own Glue (COG) installation is able to meet high expectation fit and finish when installed by a professional wallcovering specialist or qualified installer using customer's own wallcovering adhesive. The surface will be available for use after the installer supplied adhesive fully cures, typically 24 hours or as indicated by the adhesive manufacturer. This solution is recommended where the installation may be cut on site and or seamed for a wall to wall-floor to ceiling installation.

VersaPRO installation surfaces require specific installation surface conditions be met.

See installation instructions and videos online at www.egan.com. The manufacturer is not responsible for installation.

VersaPRO (VP)

Code	Description	Price	Price/ft - in addition to 10'

- EganSystem product line can be used on trimming solutions applied on VersaPRO installed in your environment. Egan System includes double-sided markerboards and tackboards as well as an array of presentation shelves and marker tray options to enhance your presentation environment. Installing EganSystem products on top of VersaPRO multiplies presentation real estate. Egan also encourages properly installed third party framing to match the existing décor
- 96" lengths EMST also available

HOW TO ORDER

VP 120 54 G

Code Width Height Adhesive

VersaPRO-G is the choice where high expectation fit and finish is required in a floor to ceiling/wall to wall installation (note: visible seams to be expected). And must be installed exactly in position. VersaPRO-G utilizes a customer supplied wet adhesive that provides workable drying time and fitting around details like electrical fixtures.

For wallcovering fit and finish and full wall to ceiling, VersaPRO-G is offered in rolls or sheets. All edges are straight cut (factory slitting is available, custom shape options are not available).

VersaPRO can be imprinted with EganINK on heights: 48" or 54" lengths: 10 feet - 400 feet.

ACCESSORIES

400' roll freely spools material from the crate. Front edge of crate has a protective edge to reduce abrasions to the material. Self skidded for easy movement with lift truck.

Code	Description	Dimension	Price/Ft.	Price/Roll

ESMT120PY	MultiTrack. Includes end caps in Putty (PY).	120" (10ft.) lengths	\$2 040

- One track is mounted to the wall and three additional tracks are mounted on the MultiTrack assembly
- Ships with nine (9) clear, impact-resistant bumper guides that attach to the bottom frame of the boards to act as a spacer. When optional EganSystem boards are lined up in front of each other, the spacer prevents movement when using the front panel
- These products are not compatible with MultiTrack due to size restrictions: EVPR, ESR, EMTBFC, ESSH, ESOC, EMSCR, ASCRTSRPS
- Egan MultiTrack may be factory cut to specific lengths. Contact Egan Sales.

Lower Track Options

Typically mounted at 29”h from the floor, an EganSystem Lower Track can support a variety of functional accessories. The Versa Presentation Rail (EVPR) is a handy lower-track solution designed to support presentation material including VersaBoard and EganSystem Boards, sold separately. A Reference Shelf (ESR) can be positioned at any location along the lower track to hold reference material. Also available as an **accessory to existing track installations**.

Ships with specified mount
 Two (2) assorted color Dry-Erase Markers
 One (1) EganCloth

Lightweight: VersaBoard

VersaBoard ships with mounts specified. For added functionality and versatility, optional mount kits are available below.

Additional VersaBoard Mount Kits

Track Mount	Dimensions	Description	Price
AVBT	N/A	Two Track corner mounts, two Track bumpers. Board not included. Compatible with Egan VersaBoards. Required for Glass (AVBG) and Magnetic Mount Kits (AVBM), wing bumper. Finished in EganMetallic (EM).	\$43

Wall Mount	Dimensions	Description	Price
AVBW	N/A	Two left and two right corner mounts, two rubber standoffs, two wall mount brackets. Restricted to 6 lb. max. weight load. VersaBoard not included. Finished in EganMetallic (EM).	\$43

Edge Mount	Dimensions	Description	Price
AVBE	N/A	Two left and two right corner mounts, two rubber standoffs, two edge mount brackets. Restricted to 6 lb. max. weight load. VersaBoard not included. Finished in EganMetallic (EM).	\$43

Top Mount	Dimensions	Description	Price
AVBPA	2" to 3 3/16"	Two left and two right corner mounts, two rubber standoffs, two Top Mount assemblies. Specify size as per code. Restricted to 6 lb. max weight load. VersaBoard not included. Finished in EganMetallic (EM).	\$66
AVBPB	3 3/16" to 4 7/16"		\$66
AVBPC	4 7/16" to 5 5/8"		\$66

VersaBoard Track Kits (EVB)

For lightweight VersaBoards only. Not compatible with EganSystem or EganSystem Office.

Adhesive-backed EganMetallic (EM) SystemTrack designed to support lightweight VersaBoards on glass windows, walls, or any smooth surface that will not accommodate a fastener. VersaBoard not included. EganSystem 202 and EganSystem Office products are too heavy for this application. For this type of installation, VersaBoard must be specified with Track Mount (AVBT) corners.

Glass Mount	Dimension	Price
AVBG37	37" lengths	\$110
AVBG49	49" lengths	\$120

Magnetic backed 37" and 49" lengths of EganMetallic (EM) SystemTrack designed to support lightweight VersaBoards on metal-surfaced panel systems, partitions or file cabinets. VersaBoard not included. EVS and EganBoard Porcelain system boards are too heavy for this application. For this type of installation, VersaBoard must be specified with Track Mount (AVBT) corners.

Magnetic Mount	Dimension	Price
AVBM37	37" lengths	\$130
AVBM49	49" lengths	\$160

Note: These two unusual track options are designed for use with lightweight Track Mount VersaBoards ONLY and are restricted to a maximum 7 lb weight load. EganSystem 202 and EganSystem Office products are too heavy for this application

Shelving

EganSystem Office Shelving is a unique track solution designed with a continuous track hanger that runs across the width of the product to evenly distribute weight to safely support the shelves and cabinets. The hanger slides easily across the track for quick, simple re-configuration. With GripTrack (GT) and EganSystem Security Locks (QB), shelves are prevented from unwanted movement.

Dimensions	Price	Notes	
One fixed shelf (not shown)			
36" w x 16" h x 12 1/2" d	\$650	<ul style="list-style-type: none"> Meets California State 2001 building code, section 1632A. VersaJOT

Designed for quick and easy installation, this amazing pressure sensitive adhesive, dry-erase product applies to most finished surfaces in seconds. VersaJOT is offered in units precisely cut to Customer's Own Art patterns (COA). VersaJOT pieces are custom-shape, precision CNC cut from a 54" wide roll on an 84" long bed, and are applied with high-adhesive glue. Volume pricing is available.

Specifying VersaJOT

- A. Height
- B. Width
- C. Corner Radius**
- D. Notch Inset Horizontal
- E. Notch Inset Vertical
- F. Notch Width
- G. Notch Corner Radius**
- H. Knock-out Inset Horizontal
- I. Knock-out Inset Vertical
- J. Knock-out Diameter

VersaJOT is cut to your specifications for your custom requirement. Exact measurements are required.

** 1/4" radius corners are standard unless specified otherwise. Minimum radius corner is 1/8"

Egan Visual is pleased to accept COA patterns prepared in suitable vector file formats: AutoCad (DWG or DXF), Adobe Illustrator (EPS or AI), Corel Draw (EPS or CDR) to Encapsulated Postscript (EPS). Egan Visual will execute designs exactly as provided. Suitable vector files contain mathematical shapes. Embedding or "copying-and-pasting" a raster image such as a BMP, PSD, JPG, GIF, or PNG into a vector file is not suitable and will be subject to engineering charges. All VersaJOT orders are customized. Egan Visual does not accept responsibility for errors in customer instructions. Submitting a purchase order with a suitable vector file for VersaJOT release Egan Visual from responsibility for specification errors discovered upon installation.

VersaJOT (VJ)

VersaJOT is cut from a 54"w roll and is offered on a linear foot basis. For an accurate quote, call Egan Inside Sales

How To Order:

Installation Guidelines for VersaMAG and VersaJOT

A. INCORRECT

B. CORRECT

Edge Overhang:
Measure VersaMAG/ VersaJOT to inset especially on rounded corners. Example "A" will cause VersaJOT to peel off. Example "B" is a good inset from the edge.

Clearance Required:
Allow for clearance on moving surfaces. The hutch door in this example does not have enough clearance (1/16"), causing an obstruction at the hinge area.

Specify VersaJOT with a 1/8" inset around edges and locks to ensure a good fit. VersaMAG is NOT available with notches or cut outs.

What's in the box:

- Ships with two (2) assorted color Dry-Erase Markers and one (1) EganCloth. Contingent upon standard size cut sheets.

Product notes:

- One knock-out shape provided at no charge. Additional knock-outs, add \$145 per sized pattern. Upcharge applies once per drawing when number of knock-outs are 2 or more on that same drawing
- Engineering charges of \$145 minimum will be applied to orders with incorrect file format
- Maximum dimensions are 54" x 84". VersaJOT has a thickness of 0.050". Minimum corner radius 1/8". Egan guarantees +/- 1/16" accuracy overall
- Square footage to be taken from gross material requirement for final pattern
- A self adhesive compact marker tray kit (VJCC) is available
- Add 1" to both Width and Height when specifying EganINK square footage

VersaMAG

VersaMAG is EVS applied to a magnet. It installs magnetically on any metal surface, and is offered in popular sizes or as custom shaped up to a maximum of 84" x 48". VersaMAG is ideal for smaller locations where a metal surface can be upgraded for dry-erase use. EganINK™ adds branding and increases functionality.

VersaMAG Run Standard (SM)

- 15" height features 1/4" eased corner detail to fit a variety of applications.

- 18" height features 1/4" eased corner detail to fit a variety of applications.

Code	Description	Price

■ Classic Egan Etex Cabinet

CAPX, CEXB, CABX

Choose high-performance EVS™ or EganBoard Porcelain, housed in a full featured Etex Color Cabinet. Etex coatings are impregnated with polystyrene particles, providing a very durable finish. Etex has a slight texture, hides fingerprints, and is easily maintained. Cabinet interiors are equipped with tackable EganFabric panel(s) and a flipchart with tearbar which may be suspended from either door.

■ Classic Egan Wood Cabinet

CEWR, CARW, CEWB, CABW, CEWT, CATW

Choose high-performance EVS™ surface or EganBoard Porcelain, housed in a finely crafted wood cabinet. Hand selected, solid hardwoods and veneers in the species of your choice. Face veneers are book matched and laid up to beautifully reveal the wood's best characteristics. Cabinet interiors are equipped with tackable EganFabric panel(s) and a flipchart with tearbar which may be suspended from either door.

■ Dimension Cabinet

Dimension Cabinet is a redesign of the original Presentation Cabinet that Egan Visual introduced over 40 years ago. Designed to handle modern applications like data projection, this product also meets the highest design aesthetics. Featuring EVS™ in 77" w x 48" h (16:10 format) or 60" w x 48" h and 48" w x 42" h sizes for dry-erase and projection applications. Cabinet interiors are equipped with tackable EganFabric panel(s) and a flipchart with tearbar which may be suspended from either door. Offered with Wood/Custom Stain or Etex/Custom Color doors.

■ Boxcore Cabinets

Boxcore Cabinets utilizes the VersaCabinet body and offers increased functionality and a modern design aesthetic with new front-of-cabinet surface options for additional work space, tacked notes, or even custom graphics. Door front infill can be specified in EVS™ (magnet-compatible), Tackable Fabric, GlassWrite. The body of the cabinet shows Boxcore frame, and features an EVS dry-erase guaranteed-to-clean writing surface, also magnet and projection compatible. Egan Boxcore technology brings crisp edge definition and durability, emphasizing the cabinet's clean lines and modern appearance.

Egan Mobiles

■ Architrave Mobile

Architrave products are defined by their sturdy, wood oak Boxcore 1 1/8" (29mm) frame. Features of the Architrave family consist of thin bezel edge of 1/4" (6mm), a robust construction with a clean external appearance and no extraneous materials. Specify Architrave mobile from a range of infill options, such as EVS, GlassWrite, EganINK, Tackable fabric or EcoTack/Polyethylene Terephthalate (PET).

■ Boxcore Mobile

The Boxcore Mobile utilizes the unique Egan Boxcore™ design for a high degree of stability when moving and when writing. It is distinguished by an ultra-thin bezel, and aluminum frame in 1 1/8" (29mm) depth. The Boxcore Mobile has a new frame to base connection, for clean uninterrupted lines. This new connection provides additional functionality by linking together multiple Boxcore Mobiles on a linear plane with only a 1/4 gap between mobiles. Available with EVS, Glass and Tackable infills.

■ V-Series Mobile

V-Series Mobiles are available with Four-Point Base and Three-Point Bases. The V-Series Four-Point Base Mobiles are designed to link or stand alone, whereas, the Three-Point Base Mobiles are designed to work with Four-Point base models to create linked partitions that can be positioned at almost any angle. These Mobiles feature guaranteed-to-clean EVS™ dry-erase surface that accepts magnetic accessories. Three-Point Base models are not recommended for non-linked applications.

■ Egan Lite Mobile

Egan Lite Mobiles are incredibly lightweight and easy to move, base options include locking casters or a low profile bases to suit your application. The Lite Mobile is also available as a Screen Door - a weighted trip-free base with exceptional stability and rotation through 360°. A 90° notch in the base provides compatibility with any wall or partition system. The no-lock front caster rolls smoothly and ensures door will fold back to permit free traffic flow. Egan Lite Mobiles can be specified with an EVS or Tackable infill per side.

■ A-Frame VersaMobile

A-Frame VersaMobiles offer two-sided high-performance EVS™ dry-erase surface. Specify any combination of EVS™ magnetic surface or Egan tackable fabric. A fixed track at the top of the A-Frame accommodates lightweight VersaBoards or EganSystem Track boards. Additional VersaBoards or 202 EganSystem Boards sold separately. Storage for up to five boards is available inside the spacious A-Frame shelf cavity.

Architrave Mobile

Architrave products are defined by their sturdy, wood oak Boxcore 1 1/8" (29mm) frame. Features of the Architrave family consist of thin bezel edge of 1/4" (6mm), a robust construction with a clean external appearance and no extraneous materials. Specify your Architrave mobile from a range of infill options, such as EVS, GlassWrite, EganINK, Tackable fabric (EganFabric or maharam), or EcoTack.

Architrave Mobiles can be specified with a different infill per side. Pricing reflects costs for 1 side only. Choose an infill for each side and add the price together for the total cost. If the infill is the same for both sides, simply double the cost in the chart below.

V-Series Mobile | Split Panel

These Mobiles have increased utility with a 18 11/16" high tackable panel at the bottom. The upper panel can be specified with EVS or Tackable infill. Pricing below assumes Standard Fabric on lower panel. V-Series Mobiles (VCF and VCT) can be specified with an EVS or Tackable infill per side. Pricing reflects costs for 1 side only. Choose an infill for each side and add the price together for the total cost. If the infill is the same for both sides, simply double the cost in the chart below. Pricing includes Standard Fabric on lower panel, to upgrade to Grade A Fabric, simply add the cost in the chart below of the upgrade to your total cost.

Egan TableScreens

■ Architrave

Architrave products are defined by their sturdy, wood oak Boxcore 1 1/8" (29mm) frame. Features of the Architrave family consist of thin bezel edge of 1/4" (6mm), a robust construction with a clean external appearance and no extraneous materials. Specify your Architrave TableScreen from a range of infill options, such as EVS, GlassWrite, Tackable fabric.

■ Boxcore 29

The rectilinear minimalist design of the Boxcore 29 presentation board is available as a versatile, demountable office enhancement in the form of the Boxcore 29 TableScreen™. Available in a range of infill options, such as EVS, GlassWrite and Tackable fabrics. Specify EganINK on any material to enhance productivity and design.

■ Dimension

The design principles of the Dimension family extend into the Dimension TableScreen, with its crisp, clean lines that promote a minimalist esthetic and create consistency and uniformity when specified with the Dimension line of Marker and Tackboards.

■ GlassWrite

The GlassWrite TableScreen is an elegant, framless 1/2" (13mm) thick singular piece of glass with polished and chamfered edges. Available in Frosted or Clear glass with the option to illuminate the GlassWrite panel with a LED light embedded into the base.

■ V-Series

Formerly M-Series, the V-Series TableScreen is part of the V-Series design family which has a sturdy aluminum frame and a range of infill options, such as: EVS, Frosted Glass, Cork and Tackable Fabric. The V-Series TableScreen also has a unique mount (as shown on page 53), making it extremely easy to install.

■ Fabric

Create functional privacy without compromising design elements in open concept environments. Available with 5 Standard Fabric patterns with a wide selection of colorways for each pattern or upgrade to Grade A Maharam fabrics. COM available contact Egan Rep or Egan Customer Service for details.

Egan TableScreens™ Mount Options

Surface Mount, Joiner Clamp, Cross Clamp and Edge Clamp are available on all Egan TableScreens™. Mount options shown below apply to Dimension, GlassWrite™, Architrave and Boxcore™ models. Dimension TableScreen shown below.

Surface Mount, Joiner Clamp, Cross Clamp and Edge Clamp are available on all Egan TableScreens™. Mount options shown below apply to V-Series TableScreens.

HOW TO ORDER

Sound Ideas

Egan can provide a tailored sound analysis on how to reduce reverberation and decibels in your environment. Contact Egan or your local Rep for more details: www.egan.com/rep-locator/

■ Egan Disperse™

The all-new Egan Disperse™ Acoustical Panels gives you new ways to influence your space and enhance people's experience within it. Thanks to its sound-damping core (PET with an NRC rating of 0.75) and surface design, you have enhanced ability to influence sounds, particularly in open spaces. For a unique and highly customizable visual design element turn to Egan Disperse Acoustical Panels. Egan Disperse mobiles can help with sound mitigation in many environments. Front-facing apertures in the surface available in Egan's wood veneer for the infills, or specify Etex in a number of colors. Also available in wall mounted panels.

■ Acoustical Wall Panels

Form and function work together to provide visually interesting installations while reducing ambient noise and increasing workplace productivity. Egan acoustic panels are designed to help control echo and sound bounce within a room, and to stop sound from escaping or entering a room.

Series 3 panels are an ideal solution to effectively reducing dB levels in a room. These panels have an NRC rating of .85 (1") and 1.05 (2"). Specify your choice of acoustic fabric from Guilford of Maine, select Maharam, and COM fabrics.

■ Decorative Tack

Decorative Tack is designed for use on walls where a long lasting tackable surface is needed. While dampening noise, Decorative Tack can also be used as attractive, visual installations that add color and texture to a room. Available in 1/2" thickness with an NRC rating of .35 and STC rating of 25

Egan Disperse™

Egan Disperse mobiles help with sound mitigation in open spaces. Thanks to its sound-damping core and surface design, you have enhanced ability to influence sounds. Front-facing apertures in the surface are available in Egan's wood or Etex in a number of colors.

HOW TO ORDER

Decorative Tack Panel

Decorative Tack Panel can be used as a tackable surface or purely visual piece adding color, texture, and added STC to a room. Conference rooms, classrooms, offices and hospital patient rooms are just a few perfect applications for these panels.

HOW TO ORDER

Lecterns

Technology

Egan's technology lecterns blend contemporary design with logical technology management. Our lecterns inspire confidence and give you control of your presentation without the need for a mouse, remote or keyboard. Our lecterns range in features and benefits such as dynamic height adjustment, interactive touch screens, and customizable design specifications.

Contemporary

These elegant lecterns are built for a range of benefits, such as easy mobility, height adjust-ability, as well as ample and lockable storage. These lecterns are built for durability, are light weight and known for their portability. These Contemporary lecterns are popular for modern business presentations, school presentations, art shows, and any setting that calls for an attractive looking presentation.

Classic

Like our Contemporary lecterns, Egan Classic lecterns are designed for settings that call for an attractive looking presentation. These lecterns are popular for customer's choice in wood surface finish and custom printed graphics. Our classic lecterns are also known for their range of features, such as mobility and height adjust-ability.

How to Choose an Egan Lectern

Egan Visual offers an exceptional array of lecterns and presentation centers for any environment that calls for spoken presentations and focused information sharing. Our lecterns range from the beautiful and highly practical AVA Lectern with its endless standard configurations to our attractive and technologically sophisticated TecTern™ Series.

Here are some things to keep in mind when considering which Egan lectern is right for your space:

Esthetic

- Does your space require a Classic, Contemporary or a Technology lectern design?
- Is there a requirement for custom logos or graphics on the modesty facing or any other part of your Egan lectern?
- What finishes does your design palette call for?

The Presenter

- Is it important that your Egan lectern is height adjustable and/or ADA/barrier free for accessibility and comfort?
- Is it preferable that your Egan lectern include hand placement channels on the crown for the speaker's comfort?
- Do you expect a variety of media and presentation methods to be deployed from your Egan lectern (eg: printed notes, projection/document camera)

Utility

- Will your presenters be using a laptop, tablet, or other device to deliver their message be installed in or around your Egan lectern?
- Does your environment require that your Egan lectern be fully mobile and able to move easily from area to area with locking casters?
- Are there any number of audio-visual components that need to be added to your Egan lectern at the time of installation? (eg: racked equipment, room control components)

Places

Egan lecterns can be used to stand out in a variety of places and situations, including: boardrooms, project rooms, lecture halls, places of worship, banquet halls, and hotels. They are also ideal for valets and maître d's to greet guests. You can use your Egan lectern for whatever the situation calls for; the only limit is your creativity.

Everything you see in the following section of this Egan Price & Specification Guide is available as a standard product, a custom configured product with a host of elements to choose from, as well as fully bespoke lecterns and presentation centers that can be designed in partnership with you and our factory experts through our industry leading Custom Response Program.

Audio Visual Height Adjustable Lectern

The AVA lectern is a height-adjustable podium with an elegant, modern design. Finished in wood veneer and powder-coated base and top, the AVA lectern comes with various key features to support you through your presentations. Some key features include a power height adjustment from 31-1/2" to 42-3/8," built-in wheels on base for mobility, pull-out shelf, and a 1 3/4" diameter holes for cabling, monitor arm, microphone restraint or in/out cabling. ADA Compliant.

TecTern™ III

TecTern™ III brings a decidedly modern and sleek esthetic to the Egan technology lectern series. With soaring lines and swooping expanses of clean space, TecTern III makes an intelligent statement about the presenter and the presentation. Interactive presentations are easy, with a fully-integrated interactive flat panel - finger touch control that even guest presenters can use, because it connects to the PC with no drivers to install. T3TM includes annotation software.

Description	Dimensions	Price
TecTern III with laptop shelf.	24 5/8"w x 43 3/4"h x 25 9/16"d	\$4 370
TecTern III with Finger Touch Monitor.	24 5/8"w x 43 3/4"h x 25 9/16"d	\$7 950

Monitor has a limited 90 day warranty, including back light

TecTern™ S2

The popular TecTern™ series takes inspiration from the highly customizable 202 series instruction lecterns, bringing high functionality in a contemporary design and modest footprint. TecTern S2 features the size-class of TecTern TWO, but introduces a base and crown that can be specified to your needs. Highly tech friendly, beginning with space for a laptop. Tech is accessible with front and back access panels. At the side, slide out the integrated visualizer deck for comprehensive presentations.

202 EganLectern

The Classic 'Front of House' lectern updated with the 202 design. Aluminum extrusions frame your choice of real wood veneer or durable Etex finish. Lockable storage and wiring grommets for field set-up of laptops, tablets and microphone. A 17° angled surface with a lip on the bottom is suitable for reference notes. Two casters on the presenter's side assure the lectern can only be moved by tipping the unit onto the casters. This design prevents 'run-away' when you lean upon the lectern.

Egan Programs & Services: Overview

*Instant Ship

Instant Ship Program

Instant Ship, In Stock - Quantities up to six (6) are available on two day lead time. Product is shipped within two (2) business days. Instant Ship items can be found on page 2. Delivery subject to receipt of written order and inventory levels at time of order. For critical orders please confirm by calling **1-800-263-2387**.

Freight Included

Freight Included Policy

Qualifying orders ship freight prepaid as a single piece. Any unqualified orders will have freight charges added to the invoice. Freight charges apply on orders under \$3 000 list. See Freight Program (page 92).

GREENGUARD Certification

Egan promotes global sustainability, environmental health, and safety. Our products have low chemical emissions, preserving the quality of the air in which the products are used. GREENGUARD conducts strict chemical emissions tests, and certifies products that meet healthy interior standards.

Download your copy of Egan product GREENGUARD Certificates at www.egan.com.

EcoTack/PET

EcoTack is Polyethylene Terephthalate (PET). The tackable infill material is an adaptable acoustical panel made from 100% polyester - approximately 50% is recycled water bottles. EcoTack features a 3/8" deep tackable panel mounted proud on the board.

Egan Fabric Program

Egan offers a range of Maharam fabric options that can be specified on all Tackable and Sound Ideas products. All available fabrics have been factory tested to ensure it delivers upon the quality and performance that Egan demands of its products. For more information on the Egan fabrics available and for more information on custom fabric options, see page 88 or visit egan.com.

Contact Maharam directly at **1-800-645-3943** or visit www.maharam.com for samples or memos for presentation. For your convenience, digital representations are available online at www.egan.com.

Flammability

Maharam textiles meet all appropriate flammability requirements (further details available, please contact Maharam):

- California Bulletin #117
- Compatible with California Bulletin #133
- Tunnel Test surface ratings
- Class I UFAC

Egan Infinite Color Program

Choose from over 1,000 standard colors at no additional cost. The Infinite Color Program is available on all Egan Glass products - EganAero and GlassWrite. The color program includes Egan Infinite Palette and Pantone colors (uncoated and coated). To view the full range of colors, visit pantone.com or egan.com to download the Infinite Color Palette fan deck at egan.com.

Custom Stain

Egan offers 8 stain options but have the resources in house to match or create a custom stain based on your design. For an additional upcharge of \$250/ product Egan will work with you to give you the stain you need.

EganINK

Enhance Egan products by specifying EganINK. Print on any of the following Egan surfaces: GlassWrite, EganAero, EVS, and Fabric - standard upcharge of minimum \$200 or \$25/sqft. EganINK is perfect for injecting branding, custom graphics, signage or artwork into your space. To learn more about Egan's high quality, large format graphic printing, see page 86.

Custom Response

As a manufacturer, Egan has a wide range of capabilities and resources available to provide a product that is tailored to a customer's specific needs. From simple customizations like logo designs and sizes adjustments to more complex configurations such as new product design, we will work with you at every step of the way. For more information on how to engage Egan and to learn more about our process.

Custom Color & Color Matching

If you do not see the right color in the Infinite Color Program or have a specific color you need to match, Egan Visual offers comprehensive and accurate color matching thanks to our in-house spectrophotometry, color mixing, surface finishing, and know how. Egan color matches the painted surface to a Delta E (dE) of 1.0 which means when comparing the sample swatch and the Egan color matched sample any difference is barely perceivable by the average human eye.

The Custom Color program is limited to color matches that do not have speckles, patterns or any metallic content. Egan uses polymer coatings which may be specified in custom colors. Our color engineers are comfortable with most color industry standard fan decks, such as Sherwin Williams and Benjamin Moore, and using color codes for customer supplied samples.

Egan will match the color specified as closely as our formulating process allows. Please note that color gloss cannot be matched. There is a standard upcharge unless indicated otherwise. Samples are not provided for approval unless requested, additional charges may apply. Finishes outside of these parameters will be addressed on a sample by sample basis and additional charges may be applicable.

There are three easy ways to choose a color

1. Choose a color from the Infinite Color Program: which will include the the Egan Infinite Color Palette or any Pantone color. Egan Infinite Color palette: egan.com/infinite-color-palette/
Pantone colors: <https://www.pantone.com/color-finder>
2. Specify a color from an industry or commercial standard fan deck (RAL, Pantone, Benjamin Moore, Sherwin-Williams, etc.)
3. Supply something that you would like color-matched

Custom Stain

Egan encourages custom stain applications. Our finishing system is automated and ensures that the proper amount of stain and lacquer is sprayed on each product. However, as wood is a natural product, each log will vary in color and appearance. Egan's skilled carpenters match doors and components to enhance the natural and variable beauty of real wood.

All veneers are small heart, center book matched and finished in a fast curing two component lacquer which provides a durable, open-grain silk-matte finish. Veneer is 1/64" - 1/32" thick. Occasional cleaning with any household furniture polish will maintain this finish like new for many years. Customers are responsible for the suitability of the final product. Many modern veneer selections are available through our Custom Response program.

Ordering Custom Stain

1. Provide sample species (Oak, Cherry, Mahogany, Maple and Walnut) with stain applied. Where possible please provide details of stain manufacture, product number, and application details so our crafts people can reproduce the custom stain as accurately as possible within Egan's normal manufacturing process.
2. Egan will produce a sample for review.
3. Egan will require signed approvals with PO. Natural variations are to be expected and are not Egan's responsibility,

Unfinished Wood Products

Unfinished Wood Products may be ordered:

- By specifying wood species required and
- By tagging it "Ship to customer unfinished."

Preparing a product for custom staining requires additional steps to be taken, at no additional cost. Any complaint regarding the quality of a unit must be registered prior to any finish work being performed.

Note: Presentation Cabinets with tackable fabric panel on the inside of each door on any unfinished unit is supplied with paper wrapped around it to protect the fabric from stain during the finishing process. The paper should be carefully removed by cutting around the perimeter with an appropriate blade.

EganINK - High Graphic Printing

Sometimes, creative environments need visual interest or structure to inspire and complete thinking. Bold or understated, EganINK complements and sets the mood, whatever your mood may be – KPI templates, care boards, logos, wayfinding, signage, or high-resolution art. EganINK bespoke graphics may be specified on a wide range of Egan products, whether it be stock art or COA. This is where the ability to customize and introduce your own design to our communication tools is useful.

EganINK is an innovative ink system provides high resolution multi-color application of letters/lines/graphics. EganINK gives you the flexibility to uniquely communicate your message, showcase your brand, and express your ideas. With infinite possibilities for customization with lines, grids, dots, letters, logos, graphics and full-color art, you can create one-of-a-kind charts and collaboration boards that truly inspire. The design intent of EganINK is that it will represent most artwork and logos faithfully at a normal viewing distance, allowing you to have a functional workspace that is in harmony with your corporate identity and the design of the room. GlassWrite and EVS products may be printed with EganINK. EganINK has a limited 1 year warranty.

BRANDING

ARTWORK & PHOTOGRAPHY

Custom Response Program

The Custom Response Program is designed to encourage specialized product development. Our manufacturing systems provide for variations and custom solutions. Working with initial direction from designers and clients, Egan will research and develop solutions that work within the Egan manufacturing process. This makes the program ideal for those clients who require a single run of a substantial number of products and/or where there is an ongoing need. Opportunities for complete product design where volume is available are also encouraged.

Our CAD specialists understand high-quality cabinetry and can quickly evaluate Custom Response Program requests. Contact your local Egan Representative with your product needs. Pricing and delivery is based on individual requirements.

Example #1

Original product: V-Series Mobile

Custom product: Customer's Own Panel with customer's slat wall installed 30" from the floor to match desk height.

Example #2

Original product: 202 Mobile Instruction Center

Custom product: University Lecture Command Console 42" wide, with monitor and room control touchscreen and AV racking. A popular variation of the S2IM.

Egan Fabric Program

Egan has tested compatible fabrics with Guilford of Maine (GOM) and Maharam Fabrics. Egan factory tests and approves tackable and acoustical textile designs in two grades. Guilford of Maine is priced at standard while Maharam's M-Series program (excluding Messenger pattern fabric) is available with a small upcharge - the cost is added to the total cost of the specified product and applicable options.

Need Fabric Samples

Egan stocks samples for:

- Egan Fabric
- Maharam Fabric Program Card
- GOM Fabric Program Card

Contact Guilford of Maine directly at **1-800-544-0200** or visit www.guilfordofmaine.com for memo samples.

Contact Maharam directly at **1-800-645-3943** or visit www.maharam.com for memo samples.

For your convenience, digital representations are available online at www.egan.com.

maharam

To place an order please specify:

1. The Maharam fabric number, including color, dye lot (if applicable), name. For example: Maharam Medium Pool 463490-040
2. Based on this information, you can build the Egan product code, including finish and option codes, followed by the textile code as shown below:

CE2 A 6048 MP FL 463490-040

Guilford of Maine

To place an order please specify:

1. The Guilford of Maine fabric number, including color, dye lot (if applicable), name. For example: GOM, FR701 White 2100-224
2. Based on this information, you can build the Egan product code, including finish and option codes, followed by the textile code as shown below:

SIAPS3 1 V 48 48 S R 2100-224

Customer's Own Material (COM)

All Egan tackable components may be ordered with EganFabric Program textiles or with customer-supplied fabrics. Customer's Own Material (COM) handling is priced as \$120 list per order. The cost of textile and delivery are additional costs that are not included in Egan pricing. It is the customer's responsibility to determine if the fabric is appropriate for the application specified and that it meets applicable codes and regulations.

Egan reserves the right to reject fabrics that, in our opinion, would create unsatisfactory results on the intended application with our normal manufacturing methods.

If it is established that the textile selected will compromise the quality or integrity of Egan products, customers are contacted to discuss these concerns.

Egan does not accept responsibility for unsatisfactory results, overall appearance, fabric defects, flammability, normal durability, color fastness or any other quality issue after installation, beyond normal Egan quality standards.

At Egan Visual, we strive to craft superior results. Visit www.egan.com for further details on COM and Egan Fabric Program.

COM Specification for Tackable Panels

1. Customer/Company Name
2. Contact name, phone number and email address
3. Egan product code, correctly specified
4. Fabric sample - indicate face side and pattern direction
Supply a sample securely fastened to order showing pattern direction.
5. Customer purchase order with COM correctly indicated
6. Fabric manufacturer, fabric name, color, code and dye lot
7. Fabric requirements fully specified, including (but not limited to) horizontal/vertical direction, pattern matching, railroading, pattern repeats, reversibility.

Cut across the roll (known as 'railroading')

Cut up the roll (typical or normal direction)

8. Visit www.egan.com for COM Product Yardage Requirements.
9. All COM must be sent prepaid to:
Egan Visual
Attention: COM Receiver
300 Hanlan Road
Vaughan, ON L4L 3P6 Canada
10. Label instructions securely applied to COM.

Cleaning Instructions

EVS: Egan Versa Surface

The high-quality, dry-erase surface EVS cleans so effectively, it even withstands the use of permanent markers.

1. Use EganCloth to trap dry erase dust in the micro-fibers and maintain a clean surface.
2. Remove all dry-erase markings from surface with a clean EganCloth before applying spray glass cleaner such as Windex. Regular cleaning with a recommended spray glass cleaner and an EganCloth will prevent dirt and film buildup, and remove residue, that can impede dry-erase performance.
3. Use isopropyl rubbing alcohol 90% to remove stubborn marks and residue.

*Egan recommends solvent based Dry-Erase Markers (BIC Great Erase Bold) or comparable marker.

GlassWrite

Regularly removing ink, dirt, stains, or grease from fingerprints is the best way to preserve the quality of your glassboard. Take care of your GlassWrite by following the instructions:

1. Typical day to day maintenance should not require any more than cleaning with Windex, or an ammonia base glass cleaner. Care should be taken to avoid glass cleaners with detergents that will leave a residue, which will affect the dry erase characteristics of Egan GlassWrite boards.
2. Wipe the glass until dry using a clean EganCloth or paper towel to remove streaks that may have formed.
3. If any contaminants remain on the glass, 90% isopropyl alcohol can be used to remove it. This works well with sticky or gluey materials and permanent markers.

Fabrics

Maintain the quality and longevity of your fabric board or sound panel by carefully removing dust, dirt, stains and other forms of debris that accumulate overtime.

1. UPHOLSTERY VACUUM OR BRUSH: Lightly brush with a soft brush, or lightly vacuum with an upholstery attachment. Vacuuming will minimize the accumulation of dirt and dust. Do not use high suction commercial vacuum as they may cause damage.
2. A FABRIC FRIENDLY CARPET CLEANER: Most soiled areas can be cleaned using a damp cloth, if there is a stubborn stain, please use a commercially available upholstery or carpet cleaner that can be used on polyester fabric.

Note: If possible, test the selected cleaning agent on a non-visible area of the panel before attempting to clean the soiled area to assure best outcome.

Porcelain

Using an EganCloth with a cleaner - such as warm soapy water, window cleaner or isopropyl rubbing alcohol 90% - is enough to keep a the Porcelain surface clean, if used every week. Dry erase markings and ink stains left on the porcelain surface for weeks or months may require a stronger cleaning solvent to fully remove old writing (isopropyl rubbing alcohol 90% may remove these stains). Remove any cleaning solution residue from the surface with a dry, clean EganCloth to prevent any reactions between solvent residues and inks in dry erase markers. Do not use wax-based cleaners as they will leave a residue on the surface.

*Egan recommends solvent based Dry-Erase Markers (BIC Great Erase Bold) or comparable marker.

Egan Standard Terms & Conditions

Commercial Terms

Overall

Egan Visual Standard Terms & Conditions are subject to change without notice. See www.egan.com for currently prevailing terms. All specifications, pricing, and other information is believed to be accurate at the time of publication (E&OE) but is subject to change without notice. Prices herein are valid in the United States only and are stated in USD. Possession of this document does not constitute an offer to sell.

Cancellations

Orders are considered binding on the Buyer and on Egan, subject to the ICC Force Majeure Clause 2003 or the ICC Hardship Clause 2003. If the Buyer wishes to cancel an order, the decision to accept cancellation lies with Egan and will be governed by its ability to conform. A penalty or service fee may be imposed at the discretion of Egan. Once production has begun, neither standard or custom orders are eligible for change or cancellation.

Change Orders

The Egan Visual 'Order Acknowledgment' is final and binding and any subsequent change is subject to approval at the sole discretion of Egan. Egan Visual reserves the right to increase the acknowledged price, if such a change warrants any extra charge.

Defects and Shortages

All claims must be reported within the first **TEN (10) days** after delivery of goods. Egan Visual assumes no responsibility for misuse or abuse.

Returns

Merchandise may not be returned without the prior written consent of Egan Visual. If returned within thirty (30) days, and by agreement, a restocking and repacking charge will be deducted from the credit note in addition to any expense for reconditioning that may be necessary. Return transportation must be prepaid (DDP Buffalo, NY or DDP Vaughan, ON), packed in the original packaging.

Financial Terms

Financial Terms

Terms are "prepayment with order" unless otherwise pre-approved, in writing, in advance, by Egan Visual. For such accounts, orders are subject to limit or withdrawal of credit at any time. The approved purchaser will be invoiced for the goods as they are shipped and payment is due thirty (30) days from the date of invoice. Late penalties will be charged on overdue invoices. Invoices are payable in USD funds and do not include taxes or installation. All orders accepted are subject to prices prevailing at time of Order Acknowledgment.

Quotations

Quotes issued by Egan Visual are valid for ninety (90) days and are for the products and terms specified therein.

Order Acceptance

Orders are binding only upon acceptance by the executive office of Egan Visual which is confirmed by issuance of an Egan Order Acknowledgment. Orders accepted by Egan Visual shall be subject to the Terms and Conditions set forth in this Acknowledgment and subsequent Invoice, notwithstanding any variance in terms and conditions set forth in the buyer's order forms. Minimum order value is \$100.00 list. Egan Visual appreciates your order and will endeavor to fulfill it as agreed.

Taxes

Sales Tax, Use Tax, or other State, Provincial, or Federal taxes will be added to the invoice as applicable, and are the responsibility of the Buyer. Buyers claiming exemption (e.g. purchasing for resale) must supply the appropriate tax exemption form with their order. In jurisdictions where Egan Visual is not registered to collect tax, it is the sole responsibility of the Buyer to determine what, if any tax is applicable to the sale and to remit same to the appropriate tax authority.

Product Terms

Specification Changes

Specifications published are nominal and believed to be accurate at the time of publication. The right to affect, change, or discontinue models at any time without prior notice remains the right of Egan Visual. This right to change applies to catalog contents, price lists, fabric or finishes, as well as details and dimensions.

Warranty

Each product carries a limited, "Return to Factory" warranty. See the full "Standard Warranty" in the Price & Specification Guide or at www.egan.com

Logistics Terms

Freight Terms

Orders are shipped FOB Factory (INCOTERMS 2010). Freight is prepaid and added to the buyer's Invoice. The responsibility of Egan Visual ceases when it turns the shipment over to the carrier.

Free Freight Program

Egan offers a program under which freight may be prepaid in full or subsidized by Egan. See "Freight Program" for current details.

Drop Shipments

Drop Shipments can be arranged. Egan does not apply a fee but Accessorial Charges may apply. Contact Customer Service.

Accessorial Charges

Accessorial Charges will be invoiced at cost and pre-quoted on request. This includes but is not limited to: deliver to limited access site (mines, prisons, military, schools, and hospitals), blanket wrapped, inside deliveries, special charges for high density urban areas, will calls, 'call before' requirements and special delivery or inside delivery beyond dock-to-dock delivery

Packing and Crating Charges

All products are shipped via common carrier, and are normally shipped one unit per cardboard container. Packaging charges are included in the price.

Carrier Selection

In absence of the buyer arranging transport, Egan Visual reserves the right to ship by what is in its opinion the best method.

Transportation Delay

Egan Visual is not responsible for delay or failure to fulfill an order due to Acts of God, Hardship, or Force Majeure, including but not limited to reasons stated in the standard ICC Force Majeure Clause section 3.

Storage

If Buyer cannot accept delivery on the shipping date stated on the Order Acknowledgment, Egan Visual reserves the right to arrange storage at the Buyer's risk and expense.

Freight Damage

All goods are shipped FOB Egan Visual, however, in the event of freight damage we can assist your receiver with the claim. The legal responsibility of Egan Visual ceases when it turns the shipment over to a common carrier. The buyer has the sole obligation of seeking recourse against the carrier. All freight is given to the carrier and signed for in good condition. It is the responsibility of the receiver to sign for the goods in the presence of the carrier and note the condition in which they are received. Freight claims should be filed with the carrier.

Follow these procedures immediately upon receipt of shipment:

1. You must inspect the freight at the time of delivery and note all damages on the Bill of Lading and Delivery Receipt (POD). If there is obvious and severe damage, receiver has a **right to refuse delivery**. Receiver also has a duty to mitigate the loss. For example, you should only refuse affected product.
2. Upon discovery of the damages, the receiver must immediately report the damages to the carrier, asking for immediate inspection and an inspection report.
3. The notification of damages must be followed up in writing by fax or e-mail.
4. Unpack and inspect. Check your contents within **THREE (3) business days**. If the shipment was delivered without noted damage but has CONCEALED DAMAGE, receiver typically has a very limited time to report it to the carrier and request a 'concealed damage inspection'.
5. Tag and keep any packaging in which damaged goods are received in its original condition.
6. Contact Egan Customer Service to initiate a Support Case and make arrangements for replacement product.

Freight Program & Egan Standard Warranty

Freight Program

Egan is please to offer a Freight Program that allows customers to enjoy most shipments to arrive free of freight charges! Based on the **order total** summed using the **list price** of the products, the freight costs are invoiced per the following table:

Single shipment total at LIST	Freight Charge*	Single shipment total at LIST	Freight Charge*
\$0 - \$1499	\$199	\$2000 - \$2999	\$99
\$1500 - \$1999	\$129	\$3000+	Nil (\$0)

*amount added to invoice
*excluding Accessorial charges, per Standard Terms

Egan Standard Warranty

What is Covered

This Standard Warranty applies to new products purchased from an authorized Egan Visual ("Egan") dealer or reseller. Egan Visual warrants that the products substantially conform to the specifications published by Egan at the time of manufacture of the product, and that the product is free from material defects in materials and workmanship, under normal and reasonable operating conditions, for the Warranty Term as defined below. No other warranties or representations, express or implied, other than contained herein shall apply or be honored by Egan Visual.

Who is Covered

The "End User" holds this Standard Warranty. The End User is the first party to purchase the new and unused product from an authorized Egan reseller. This Standard Warranty is not transferable to other parties.

What is Not Covered

EGAN VISUAL MAKES NO IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE. THESE AND ALL OTHER IMPLIED WARRANTIES ARE SPECIFICALLY DISCLAIMED BY EGAN VISUAL. The warranty as stated in this document is the complete and only warranty upon this product. This Warranty specifically excludes:

- Products that are not purchased by the End User from an authorized reseller
- Products that have been used other than according to the instructions
- Products that have been damaged due to the connection of other equipment
- Products that have not been installed and or/maintained as per the instructions
- Products that have been damaged
- Products that have been modified
- Peripheral products in the package such as brackets and fittings, which are "as is"
- Products and services that are not provided by Egan, including installation, de-installation, and shipping
- Variations in surface materials (e.g. grains, patterns, textures), color variation and colorfastness
- Non Egan-branded products or components which may be purchased from Egan, which are subject to that manufacturer's own warranty.

IMPORTANT: READ AND UNDERSTAND ALL INSTALLATION, USE, AND MAINTENANCE INSTRUCTIONS THAT YOU HAVE RECEIVED WITH YOUR NEW EGAN VISUAL PRODUCT. Failure to do so will void all warranty. Before attempting to deviate from our instructions in any way please contact Egan Visual beforehand. If in doubt as to how to install any of our products please contact the Egan Visual dealer you purchased the product from or contact our Customer Service department immediately for help.

Installation is not covered. Egan Visual products are designed to be installation-ready, however Installation and the installation environment are out of the control of Egan and therefore installation is not warranted by Egan in any circumstance. Egan offers dealers and professional installers free installation support via **1-800-263-2387**.

Conditions after leaving our facility are always beyond the control of Egan Visual. As noted above, **damage is not covered.** This includes but is not limited to damage from use of non-approved detergents, abrasives or other harsh cleaning agents, poor installation, misuse, abuse, neglect, or failure to maintain the product properly. Always be sure to test a cleaning product in an inconspicuous area before cleaning any surface, coating, or finish. For best results on presentation surfaces, always use quality alcohol-based markers; Egan-supplied markers and cloths are recommended. If marker suitability is in question, please call our Customer Service before using the product for the first time. This warranty does not cover damage to writing surface resulting from negligence, abuse or accidents, such as burns, cuts, scratches, scuffs, kinks, or indentations.

Limitations and exclusions

This program is limited to destinations in the 48 contiguous States, and 10 Canadian Provinces (excludes the Territories YT, NT, NU). This program provides for normal ground transportation. Program eligibility is subject to Egan Standard Terms & Conditions.

Warranty Term

Your new Egan Visual product has been well-designed and built for many years of enjoyment. All Egan Visual products carry a warranty term of five (5) years from the date of purchase unless otherwise stated here:

EVS® Presentation Surfaces "Guaranteed-to-Clean"	10 years
Porcelain surfaces	10 years
GlassWrite™ and EganAero™ surfaces	10 years
VersaPalette™ products	30 days
EganINK™ (ASTM F793 10a Category I Wallcovering)	1 year
Electric-powered mechanisms	1 year
Electric components (e.g. wiring, charging ports, outlets)	1 year
Lighting components	1 year
Monitor including back light.	90 day
Supplies	None
Installation	None

Extended Warranty Term

An extended warranty term may be available for purchase. Please call to inquire.

Consequential or Incidental Damages

EGAN VISUAL WILL NOT BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES. Any loss, expense, or damage incurred in replacing any suspected defective Egan Visual product will not be reimbursed. The warranty of this product is limited to the replacement or repair of the Egan Visual product itself. Under no circumstances will Egan Visual be responsible for incidental damages, repairs, labor or other costs incurred in removal or return of suspected defective Egan Visual product.

How to make a Warranty Claim

While the product is still in its original installed state, contact Customer Service to open a case for your product and to have the claim evaluated. If a written Return Authorization has been issued by Egan Visual, the product may be uninstalled and shipped. Shipments that arrive without a valid Return Authorization will not be accepted.

Warranty Point

This warranty is a "Return to Factory" or "RTF" Warranty. To exercise this warranty, the product must be shipped to Egan DDP Buffalo, NY (INCOTERMS 2010) or DDP Vaughan, ON (INCOTERMS 2010) at the discretion of Egan Visual. Replacement product is made available FOB Buffalo, NY or EXW Vaughan, ON.

Processing of a Warranty Claim

Your product will be evaluated within a reasonable period of time and at the sole option of Egan Visual and if the claim is approved by Egan it will be repaired, or replaced with refurbished or new product. In the event that the model has been discontinued and warranty stocks have been depleted, Egan, may, at its sole option, replace the Product with a different model with comparable or better performance characteristics. At the sole option of Egan Visual, if repair or replacement is not practicable, Egan will provide a refund or a credit for the affected product.
